Poster Snapper

Poster Snapper
The poster snapper is a low cost, high grip aluminum snap rail system with a clean, simple, elegant look. The adjustable hanging clips slide along the top rail to match desired spacing. The clips feature both top opening for clear nylon line mount, and recessed pocket for S-hook suspension. The rails snap open and shut for quick graphic changes.

Graphic Setup:
Starting with the top rail, snap hanging rails open by hand by pulling on the edge of the top rail. Insert printed graphic between both extrusions on the opposite side from the wide opening, (opposite from the hanging clips), insuring that the graphic is pushed all the way in.
Snap top edge shut by applying manual pressure all along the rail.
Repeat with bottom rail.

features and benefits:

QUICK SHIP

- Snap rail for quick graphic change and easy set up
- Packs up small for easy store and ship
- Four standard widths available
- Custom widths availabe up to 60"
- Variable height
- Hang with s-hook or nylon line (not included)
